

GOKUL MURALI K P

UI UX Designer

Professional Summary

A creative and detail-oriented UI/UX designer with a strong understanding of design principles and a passion for creating seamless and intuitive user experiences. Proficient in Figma for UI/UX design, as well as Adobe Photoshop and Illustrator for graphic design, including poster creation. Experienced in crafting visually appealing and user-centric designs for both digital and print, with a focus on branding, visual storytelling, and interactive layouts. Eager to contribute to innovative projects while continuously growing in the field of design.

Career Objective

A creative and passionate UI/UX designer with a strong foundation in design principles, seeking to contribute innovative solutions to user experience challenges. Proficient in Figma for designing intuitive and user-friendly interfaces, and highly skilled in Adobe Photoshop and Illustrator for graphic design and poster creation. I aim to combine my design skills with a deep understanding of branding, visual communication, and user behavior to create impactful and engaging digital and print experiences. Eager to join a dynamic team where I can contribute to exciting projects and further enhance my skills in the ever-evolving design landscape.

Projects

- Petplex – Petcare Website & App Design** Designed a responsive petcare website and companion mobile app focused on promoting pet services and products.
- Created user-friendly UI layouts** using Figma, ensuring seamless navigation and a consistent visual identity.
- Included sections** such as navigation, homepage, story, services, shopping, and interactive cards with overlay effects.
- Designed a complementary mobile app** with a clean, intuitive interface for booking services and browsing pet products.
- Focused on enhancing user experience** through effective visual hierarchy, branding, and mobile usability.
